

Physical Education

Mrs. Lamparter

The Gym Curriculum for grades Pre-Kindergarten through 8 at La Salle Academy is in compliance with state and national standards, skills-based, progressive, and comprehensive in its scope. The Gym Education curriculum was designed and written by teachers in the Diocese of Scranton. Students are responsible for their behavior, being in control of their bodies, and being respectful to other students and staff. Each student must be engaged and try to give their best performance; be engaged in all activities, and show persistence when the task is difficult. The students will be responsible for showing leadership, sportsmanship, and encouraging good play with others. Additionally, the students will be responsible for allowing others to experience success, compromise, problem solving, and working well with others.

Pre-K and Kindergarten will be graded with an "S" on their report card.

1st through 3rd grade: S for Satisfactory and I for Incomplete Work

4th through 8th grade:

O for Outstanding, consistently demonstrates better than average understanding of the concept or skill taught, is able to apply to projects, demonstrates, and other assessments, and is able to work independently once the concept or skill is taught.

S for Satisfactory, demonstrates satisfactory understanding of the concept or skill taught, is able to apply to projects, demonstrates, and other assessments, and is able to work independently or with minimal assistance once the concept or skill is taught.

I for Incomplete work due to projects or assignments that are not completed.

U for Unsatisfactory Performance.

Please note that a grade of I or U may keep a student off Honor Roll, as will complete work or assignments, or low project and test scores.

I am looking forward to another great school year,

Mrs. Lamparter
